MINITOWEL PAPER DISPENSER

PRODUCT DESCRIPTION

The Pearl Minitowel Paper Dispenser has a unique stub roll delivery feature which allows a continuous feed from the partially finished roll to the new roll, avoiding any wastage.

In addition, our soft, absorbent, high capacity towel options provide a quick and pleasant hand drying experience. The dispenser can also be locked to prevent the unauthorised removal of consumables.

This product is suitable for public & commercial washrooms, production floors, food preparation areas, health facilities and other busy areas.
